

1 Door TUYA Access Controller

Specifications

Appearance material	PMMA, iron
Working Voltage\Current	DC12V+10%\0.5A (no load)
processor	High-performance 8-bit enhanced MCU
way of communication	Wi-Fi/Bluetooth
recognition speed	<0.5s
user capacity	1000
authentication mode	Card/password/card+password
temporary password	10
Password support digits	6-digit password
lock control output	1
Alarm Output	1
Tamper switch	1
Exit button	1
Magnetic input	1
working environment	-20°C-60°C/10%-90%
Degree of protection	IP53
installation method	wall hanging
size	214x166x50mm
